

ID CARDS FAQ

(Information referenced from the EODSA website)

ID Cards are available online from the EODSA website

Note: The EODSA will no longer create a card if you go into their office. **You must do the card application using their online system.** You can still pick up a card that was done online in the office.

Please visit the EODSA ID Card website to create your card: https://www.eodsa.ca/PlayerCard_Create.aspx

Please check [EODSA Office Hours](#) before going to pick up an already printed player card.

1. When can I get an ID Card?

You must be registered with a club for the upcoming season and have your information entered into the AIMS registration database via the registrar before you can apply for an ID card. You must use their online option to either have the card mailed to you or pick the card up at the EODSA Office. You can no longer go into the office to create a card, only pick up once done online.

2. Do I have to have my ID Card before I register?

You must register with a club before you can get a player card from the EODSA. You do not need a player card to register with a club.

3. What is the ID Card used for?

The ID Card is used to prove that you are the player that is written on the game sheet and on the Team Roster. Your ID Card MUST be with you at every soccer game in order to play.

4. When does the ID Card expire?

The ID Card is valid for 3 years for players under 18 and 5 years for players 18 and over. It will expire at the end of your birth month. The expiry date is located on the front of the card under the photo. The first date in the format MM-YYYY indicates when the card was issued. The second date in format MM-YYYY indicates the month and year the card expires. It is not valid after that month. If your ID card is expired, you are not eligible to play.

5. How much does an ID Card cost?

The cost of the ID Card is \$6.50 to pick up a card done online and \$10.50 to have the card mailed to you. Some clubs will pay for the card themselves, while others require the player or parent to pay. **A.C. Fiorentina Soccer Club requires the player (or parent) to pay for their player ID Card.*

6. When does it become effective?

The ID Card is effective as soon as it has been issued.

7. Uploading a picture

After you have filled in the required information, you will be asked to add a photo. Simply upload a photo that you already have or take a picture and upload. Depending on your device, the picture may appear to be zoomed in very close and the crop feature won't work. Just submit the photo as is and the EODSA will be able to crop the whole photo before printing.

8. If I play on multiple teams do I need to get a different ID Card for each team?

Your ID Card is your property and includes your player information and no team information. It can be used for multiple teams and clubs during both indoor and outdoor seasons. Just ensure you bring your ID Card with you to all games you will be playing in. Note: U12 and below cannot be registered with two different clubs.

9. If I lose my Card, can I come in and get it re-printed?

If you have lost your card and it needs to be replaced, you will need to make another card request to produce a new card. The EODSA does not keep a copy of all the pictures on file.
